"Where Children Come First"

May 8, 2020

Dear Families and Staff,

We hope this letter finds you well. As we navigate through these difficult times, we want to remind everyone that while we can't know what each of our families is going through, we send our positive thoughts to everyone that has been impacted by this challenging situation. We are a community, and when one of us suffers, we all do and we offer positive thoughts and help in whatever form you may need. We know there has been loss and our hearts go out to all that are impacted at this time.

There are a few updates this week, but the most important news is the school closure through the remainder of the 2019 - 2020 school year. At this time we do not have guidance on the fall opening, however, at the state and district level, committees regarding reopening have been formed to discuss the myriad of issues that we face with reopening. We will keep everyone informed.

June 16th will be the last day of school, and we will keep you all posted on when instruction will end, fourth marking period grades and incomplete work turn in dates. There are many plans for the end of year celebrations, and we thank our PTA for their work to mark the end of the school year. Graduation will also be on June 16th, and will, out of necessity, be recorded. Judi Hammond and Luke Mason will be sending out information for our eighth grade parents, to ensure that our graduates have a memorable ceremony.

Instruction continues to be offered through a variety of mixed media, and continues to grow. We have always said that we are partners in the education of our children, and this has never been more true, than during remote instruction. Children are resilient - so are adults. We will always take steps to ensure that our students have no gaps in learning and work to remediate any concerns.

Please visit one of our websites to view resources, activities and suggestions. The Health Preparedness website may be accessed [here](#). Information is also posted on our district website ctdsnj.org. In the coming weeks, we will also address how we will have student items (lockers, desks, etc) picked up as well as chromebooks dropped off for servicing over the summer. We anticipate offering a schedule for curbside pick up and will send the details in one of our updates.

Thank you for your continued support and be well.

Sincerely,

Dr. Michele Cone

Michele Cone, EdD
