Clinton Township School District

90 Day Plan - Update

Dr. Melissa Stager
June 27, 2022

Thank You

**CTSD Board of Education Members,
CTSD Staff, Parents, Students
and Community**

01.

Learn about people, processes, and resources that impact the buildings and the district.

02.

Perform various needs assessments in areas such as curriculum, instruction, PD, technology, safety, communication, finance, social and emotional learning, and other pertinent areas

03.

Create connections with district personnel and community stakeholders through formal and informal channels

04.

Establish priorities for planning forward

05.

Understand how the district is responding to the whole child in light of the interrupted pandemic schooling

First **30 DAYS**

April 1 - April 30

Listening and Learning

- Hold meetings with district personnel
- Send a survey about current website design
- Attend all school events and visit classrooms
- Meet with each BOE member
- Review budget and internal governance documents

Funding Recurring Expenses with Overage

First 60 DAYS

May 2 - May 31

Focusing and Framing

- Schedule student, teacher, and parent focus groups
- Share website redesign plan
- Schedule parent learning events
- Participate in teacher PLC
- Create summer meeting schedules
- Use data to establish tentative 2022-2023 priorities
- Informally understand the impact of Covid on learning

How would you rate the Clinton Township School district website on the following

"It is difficult to navigate and it doesn't seem to have the most up-to-date info"

I don't really see the website as needing significant improvement or changes

"Our website should transparently and prominently share school policies, procedures, curriculum as it pertains to the building and classroom level. Further, it should highlight the district's accomplishments and sell our schools to people who may be considering Clinton Twp as a possible place to relocate. We do a great job hiding everything that needs improvement and a poor job highlighting all that is amazing with our district. Both should be front and center on the website."

I feel like a make a difference in students' lives.
